## CASE HISTORY

Chinnamma is only the person who maintains the family and she don't have any body with her so she adopted one child and he is the supportive member to chinnamma. She has a capacity of taking care of cow and she will repay the loan in time. She has experience of taking care from her childhood. This lady also kept the fodder stock and place for the cow. She has a land to get green grass for the cow. And now the cow is good with her.
